

Industry Validation Proforma

Name of the Qualification: Tool Engineering and Digital Manufacturing

Qualification Code (if any): CP01

NSQF Level: 4.5

A. Company Profile

1. Name and complete address of the industry (website, if available):

M/S. TIMEX GROUP PRECISION ENGINEERING LIMITED
A-26 & 27, SECTOR - 68, NOIDA, UP - 201307

Website: www.tgpeel.com

2. Products of the company or nature of services:

Critical product & mold manufacturing company. We provide
injection molded part's & mold's to Automobile & Electronic Companies.

3. Total number of persons employed in your industry.

Total number of Employees: (40) Nos.

4. No. of persons employed in your company who are similarly qualified (Diploma qualified)/ similar to the qualification under consideration.

15 Nos.

B. Validation of Qualification

1. Is there a need for this qualification in the market/ sector/ industry?

Yes/ No (with justification)

Yes, because India is growing in manufacturing sector
with a great speed & for the same Industries need skilled
man power which few of the Colleges provide's like
NTTF, CIPET, CTTC, TRDC etc.

2. Whether the NSQF level assigned to this Qualification is apropos to the Industry/sector HR value chains or not? Please justify.

Assigned as per qualification of 12th level.

3. Whether the candidates after completion of this course could be suitably employed in the sector or not? Please elaborate with figures (if possible)

Previously yes but now a day's probably no because just after completion of 1 year Trainee student's are changing job frequently, so they are not properly experienced.

4. Please suggest additional domain or professional or generic skills that need to be incorporated in the Qualification for industry requirements.

Chapter need to be included related to Mold trial's like Barrel Temp for various plastic raw material, Mold Temp, Uses of MTC, Heater's in mold etc...

5. Case studies, evidence may be submitted if related to unorganized sector. Applicable/ Not Applicable

Not Applicable.
