## B) Validation of Qualification

### 1. Is there a need for this qualification in the market / sector/ industry? Yes/No (with justification)

S. No.	Name of the qualification	There is a need for this qualification in the market / sector/ industry? (with justification)	
1	Organic Cultivator (Small Unit)	YES	India's growing demand for organic produce aligns with the agricultural sector, the largest sector in India. Organic cultivation skills are in demand for sustainable agriculture.
2	Mushroom Grower (Small Unit)	YES	The mushroom industry is expanding in India, both domestically and internationally, creating job opportunities in the agriculture sector.
3	Honey bee Farmer (Small Unit)	YES	Honey production and pollination services are vital for Indian agriculture, making beekeeping an essential qualification within the sector.
4	Backyard Poultry Farmer	YES	Small-scale poultry farming is prevalent in India, contributing to local food production and employment within the agriculture sector.
5	Dairy Farmer (Small Holding)	YES	Enables students to start small-scale organic farming businesses, meeting India's increasing demand for organic produce.
6	Garden Keeper	YES	Suitable for students looking to start small mushroom cultivation businesses to tap into the expanding mushroom industry driven by India's growing agricultural demand.
7	Developer- Microforest	YES	Beekeeping offers a profitable entrepreneurship option while supporting honey production and pollination services, both crucial in Indian agriculture amid rising demand.
8	Plant Hospital/Health Assistant	YES	Provides opportunities to establish small-scale poultry farms, meeting the demand for poultry in India's agricultural sector.
9	Harvest & Post-harvest Machine Assistant Technician	YES	Offers an entry point for students to enter the dairy industry as entrepreneurs, aligning with India's significant dairy demand in agriculture.
10	Piggery Farmer (Small Unit)	YES	Ideal for students interested in landscaping and horticulture services, supporting India's emphasis on beautification and urban development in agriculture.
11	Silkworm Rearer	YES	Microforest development services can be offered as a business, aligning with India's focus on afforestation and sustainable urban development within agriculture.
12	Vermicompost Producer (Small Unit)	YES	Enables students to establish consulting or service-oriented businesses for plant health, vital for maintaining crop productivity in India's growing

S. No.	Name of the qualification	There is a need for this qualification in the market / sector/ industry? (with justification)	
			agriculture sector.
13	Flower Grower	YES	Opportunity to start repair and maintenance services for agricultural machinery, supporting efficient practices in India's expanding agriculture sector.
14	Assistant-Tractor operator	YES	Suitable for students interested in small-scale piggery farming businesses, contributing to India's growing livestock and poultry demand within agriculture.
15	Plant Nursery Assistant	YES	Offers opportunities for students in silk production and sericulture, responding to India's established silk industry and demand.
16	Seed Grower	YES	Can engage in eco-friendly vermicomposting businesses, supporting sustainable agriculture and waste management in India's growing market.
17	Herb Grower	YES	Provides potential for flower farming businesses, meeting the demand for floriculture in domestic and export markets within agriculture.
18	Greenhouse Assistant Operator	YES	Tractor operation services can be offered as entrepreneurial ventures, aligning with mechanization trends in India's growing agriculture sector.
19	Micro- Irrigation Field Assistant	YES	Nurseries can be established as profitable entrepreneurship opportunities, supporting plant propagation for agriculture in response to increasing demand.

**2. Whether the NSQF level assigned to this Qualification is apropos to the Industry/sector HR value chains or not? Please Justify**

S.No.	Name of the Qualification	NSQF Level	Justification for NSQF Level Appropriateness
1	Organic Cultivator (Small Unit)	4	The NSQF Level 4 for Organic Cultivator is appropriate as it involves specialized skills and knowledge in organic farming, aligning with industry demands for sustainable agriculture.
2	Mushroom Grower (Small Unit)	3	NSQF Level 3 is suitable as mushroom cultivation requires fundamental skills, making it apt for entry-level positions in the sector.

S.No.	Name of the Qualification	NSQF Level	Justification for NSQF Level Appropriateness
3	Honey Bee Farmer (Small Unit)	4	NSQF Level 4 is appropriate as beekeeping involves complex management and care practices, integral to the agricultural value chain.
4	Backyard Poultry Farmer	3	NSQF Level 3 aligns with the basic skills needed for small-scale poultry farming, which often serves as an entry point in the industry.
5	Dairy Farmer (Small Holding)	4	NSQF Level 4 is appropriate for dairy farming, which involves advanced knowledge in animal husbandry and dairy management.
6	Garden Keeper	2	NSQF Level 2 is fitting for garden keeping, which involves fundamental skills and maintenance tasks in landscaping and horticulture.
7	Developer-Microforest	4	NSQF Level 4 is suitable for microforest development, which requires advanced knowledge in afforestation and ecosystem management.
8	Plant Hospital/Health Assistant	4	NSQF Level 4 is appropriate as plant health management involves specialized skills to ensure crop productivity.
9	Harvest & Post-harvest Machine Technician	3	NSQF Level 3 is apt for machine technicians involved in harvest and post-harvest operations, requiring fundamental technical skills.
10	Piggery Farmer (Small Unit)	3	NSQF Level 3 is suitable for small-scale piggery farming, which involves basic animal husbandry and management skills.
11	Silkworm Rearer	3	NSQF Level 3 is fitting for sericulture, which involves fundamental skills in silkworm rearing.
12	Vermicompost Producer (Small Unit)	3	NSQF Level 3 is appropriate for vermicompost production, which requires basic knowledge in waste management and composting.
13	Flower Grower	3	NSQF Level 3 aligns with fundamental skills needed for flower cultivation, especially in entry-level positions.
14	Assistant-Tractor Operator	3	NSQF Level 3 is suitable for tractor operators, reflecting basic skills needed for the operation of agricultural machinery.
15	Plant Nursery Assistant	2	NSQF Level 2 is fitting for nursery assistants, who perform basic tasks in plant propagation.
16	Seed Grower	3	NSQF Level 3 is appropriate as it reflects the fundamental knowledge and skills required in seed production.
17	Herb Grower	3	NSQF Level 3 is suitable for herb cultivation, which involves basic cultivation practices for medicinal plants.
18	Greenhouse Assistant Operator	2	NSQF Level 2 is fitting for greenhouse assistants involved in basic operational tasks.

S.No.	Name of the Qualification	NSQF Level	Justification for NSQF Level Appropriateness
19	Micro-Irrigation Field Assistant	3	NSQF Level 3 is appropriate as it reflects the fundamental knowledge and skills needed for micro-irrigation field assistance.

**3. Whether the candidates after completion of this course could be suitably employed in the sector or not? Please elaborate with figures (if possible)**
